Policies issued by American General Life Insurance Company (AGL), Houston, TX, and The United States Life Insurance Company in the City of New York (US Life), members of American International Group, Inc (AIG).

One size doesn't always fit all— neither should your life insurance.

**Select-a-Term is based on a simple idea:
Your policy is for the amount of benefit you need,
for the length of time you need it.**

Other insurance companies sell policies that last for 10, 15, 20 or 30 years. Select-a-Term offers insurance for 10 years, from 15 through 30, or 35 years...18 different durations to choose from.

Buy only what you need

Select-a-Term is flexible enough to match your situation, and economical because you don't pay for insurance you don't need. On the following pages take a look at some of these examples of where Select-a-Term would make sense.

Convertibility

Full convertibility to a permanent life insurance policy up to the end of the level-premium period (or attainment of age 70 of the insured, whichever comes first). This conversion option is available without evidence of insurability or additional underwriting. Ask your financial professional for details.

Solutions for single parents.

Single parents are often concerned about their children being able to afford college tuition in the event of their premature death. Select-a-Term can be customized with a 10-year term period and incremental term periods between 15 and 30 years as well as a 35 year period.

Help protect your home.

Homeowners can help protect their home and loved ones in the event of an unexpected death with Select-a-Term. Customizable durations and guaranteed death benefits can match coverage to the remaining years on your home mortgage.

Coverage beyond working years.

Retired workers who no longer have access to group life insurance may be in need of a policy that fits their new stage of life. With Select-a-Term, these individuals can get the customized coverage they need for protection or final expenses.

Protection until retirement.

Loss of income in a single income household, whether by death or by significant illness, can have effects that are felt quickly. Select-a-Term offers the flexibility to purchase a policy that helps to meet both needs – without paying for insurance when it's no longer needed.

Options for business owners.

Business owners who can't afford to reward workers with large bonuses can consider using life insurance as an incentive to valuable employees. Select-a-Term's customizable policies can help provide a valuable incentive for workers approaching retirement.

An Accelerated Death Benefit Rider (ABR) is not a replacement for Long Term Care Insurance (LTCI). It is a life insurance benefit that gives you the option to accelerate some of the death benefit in the event the insured meets the criteria for a qualifying event described in the policy. The rider does not provide long-term care insurance subject to California insurance law, is not a California Partnership for Long-Term Care program policy. The policy is not a Medicare supplement.

ABRs and LTCI provide different types of benefits. An ABR allows the insured to access a portion of the life insurance policy's death benefit while living. ABR payments are unrestricted and may be used for any purpose. LTCI provides reimbursement for necessary care received due to the inability to perform activities of daily living or cognitive impairment. LTCI coverage may include reimbursement for the cost of a nursing home, assisted living, home health care, homemaker services, adult day care, hospice services or respite care for the primary caretaker and the benefits may be conditioned on certain requirements or meeting an elimination period or limited by type of service, the number of days or a maximum dollar limit. Some ABRs and all LTCI are conditioned upon the insured not being able to perform two or more of the activities of daily living or being cognitively impaired.

This ABR pays proceeds that are intended to qualify for favorable tax treatment under section 101(g) of the Internal Revenue Code. The federal, state, or local tax consequences resulting from payment of an ABR will depend on the specific facts and circumstances, and consequently advice and guidance should be obtained from a personal tax advisor prior to the receipt of any payments. ABR payments may affect eligibility for, or amounts of, Medicaid or other benefits provided by federal, state, or local government. Death benefits and policy values, such as cash values, premium payments and cost of insurance charges if applicable, will be reduced if an ABR payment is made. ABR payments may be limited by the contract or by outstanding policy loans.
