

Lincoln's client interview guide

Be prepared to get the protection you need

Lincoln's streamlined application process allows you to apply for life insurance quickly and easily.

You can coast through your online or phone interview with ease by completing this preinterview worksheet before beginning. It will ensure you'll have the detailed health and financial information you'll need during your interview at your fingertips.

Here's how the process works

1. After Lincoln receives your request for life insurance from your financial professional, an email will be sent to you with next steps for your application interview.¹

Online: A secure email link will be emailed to you so you can begin your online interview. If you have questions during your interview, a "Help" feature is available for common questions, or you may chat online with a Lincoln Tele-App specialist (Monday to Friday, 8 a.m. to 9 p.m. ET). You may complete your interview at any time within 10 days.

Phone: You will receive an email from Lincoln with a link to schedule your phone interview. Choose a time that's convenient for you. If no appointment is scheduled within 24 to 48 hours, a Lincoln representative will call you to schedule your interview. An appointment reminder is available upon request, via text message or email.

2. Because the interview questions relate to your health history and financial information, complete your interview at a time and place that offer you privacy. Regardless of which interview option you choose, the questions are the same and your personal information will remain confidential and secure.
3. Complete this preinterview worksheet to ensure you have the information needed for your interview. It's for your use only.
4. **Online:** The online interview will take approximately 20 to 30 minutes to complete and is mobile-friendly. It does not have to be completed at the same time. Once you begin, information you've already entered will be saved and you can come back to finish at a later time.
Phone: A Lincoln representative will call you at your scheduled time. The phone interview will take about 20 to 40 minutes. Have your completed worksheet ready.
5. If labs are required, after your interview, a paramed service will contact you to schedule the appointment.

Save yourself some time by completing our preinterview worksheet.

¹ The interview is available in English only.
