LONG-TERM CARE
PLANNING

Client Guide

Plan confidently for the journey ahead

When it comes to where you live, how you spend your free time, and what you do with your money, you want the freedom to be in charge. That’s why it’s important to plan now for your future – and for any care you may need.

Long-term care planning is more than having enough money to pay for care services. It’s about building a comprehensive strategy to better prepare your loved ones for the tough emotional and financial decisions they may need to make on your behalf.

of Americans surveyed acknowledge that having a long-term care plan would help them feel more confident about their financial future.⁵

The reason we plan

A person’s life span is how long they will live. But what about their health span? This is the period of their life that is healthy. Understanding the difference between the two – and having an effective financial plan in place – are critical to being prepared for an unexpected long-term care event.

Healthcare events don’t wait until you’re ready

Part of your overall financial strategy should include protection for a potential and unexpected long-term care event. The challenges of not having a plan could include:

- Depleting your savings for unexpected costs
- Potential penalties and tax consequences for accessing assets targeted for retirement
- Higher inflation that may reduce the value of your dollars

We have a solution that can help

MoneyGuard Fixed Advantage® is a powerful solution designed to help protect your income, legacy and loved ones from the impact of a long-term care event.

Toileting	Transferring	Eating

You are also considered chronically ill if you require substantial supervision to protect you from threats to health and safety caused by severe cognitive impairment. Recertification of your benefit eligibility is required at least annually.

¹ Subject to a plan of care agreed upon by a licensed health care practitioner and Lincoln. ² Up to 50% of the maximum daily LTC benefit. Benefit is available until specified amount is reduced to \$0 due to claims, withdrawals or reductions. ³ Qualified long-term care services that are not covered under any other provision, but are prescribed in the care plan that a licensed health care practitioner and Lincoln mutually agree are appropriate to meet the insured's long-term care needs, could be considered for reimbursement. MoneyGuard Fixed Advantage® is a universal life insurance policy with a Long-Term Care Benefits Rider (LTCBR) that accelerates the specified amount of death benefit to pay for covered long-term care expenses and continues long-term care benefit payments after the entire specified amount of death benefit has been paid. The return of premium options are offered through the Value Protection Endorsement (VPE) available at issue; Base option (1) and Graded option (2) are included in the policy cost. Any additional surrender benefit provided will be adjusted by any loans/loan interest/loan repayments, withdrawals taken, and claim payments made. The cost of riders will be deducted monthly from the policy cash value. The insurance policy and riders have limitations, exclusions and reductions. Renewability, Termination and Cancelability: The LTCBR is noncancelable. This means you have the right, subject to the terms of your policy and rider(s), to continue these riders as long as your policy stays in-force. The Lincoln National Life Insurance Company cannot change any of the terms of your policy and rider(s) on its own and cannot increase the monthly rider charges or monthly inflation charges. If your policy enters a grace period, we will allow 61 days to pay a premium sufficient to prevent your policy from lapsing. Long-term care benefit riders may not cover all costs associated with long-term care costs incurred by the insured during the coverage period. All contract provisions, including limitations and exclusions, should be carefully reviewed by the owner. For costs and complete coverage details, contact your agent or producer.
