Exclusive term life insurance for Costco members

Life insurance is all about protecting the ones you love most. It's about providing security for your family's financial future — and the peace of mind that comes from knowing they'll be covered in case the unexpected happens.

We are proud to offer an exclusive life insurance policy just for Costco members. This means there's no better time to make sure your family is well-stocked on all life's essentials.

What you should know about life insurance

Life insurance helps provide security for your loved ones when they need it most. Providing them with this protection can help them avoid additional financial burden, if something were to happen to you.

We design reliable and competitively-priced life insurance solutions — taking your needs and life changes into account. With Member Advantage Life®, you can get straightforward protection with an easy-to-understand policy, at an exclusive Costco member-only value.

TERM: Life insurance that doesn't break the bank

Term life insurance is generally a more budget-friendly option that's designed to provide death benefit protection for a set period of time. Term insurance can help cover:

Funeral expenses

Income replacement

Mortgage payments

Outstanding debt

College tuition

Did you know?

Purchasing a Member Advantage Life term policy can get you coverage that protects your family from the unexpected for as low as 61 cents a day. That's less than half of what you'd pay for a single — albeit delicious — Costco hot dog combo.

Member Advantage Life term

Protection for your loved ones

The death benefit from your Member Advantage Life term policy can be paid directly to your beneficiaries to help them replace your income and maintain their standard of living. It can also help cover things like burial and final expenses and recurring or future expenses.

Death benefit coverage

With Member Advantage Life, you can choose the amount of coverage you want with an initial term period of either 10 (5x5), 20 (5x15) or 30 (5x25) years. To help you get started with providing valuable protection for your loved ones, your annual premium payment amount is reduced during the first five policy years. In the sixth year of your policy, your premium returns to the standard market cost. This is a one-time change and your premium will remain the same for the rest of the initial term period.

About Member Advantage Life term

When you apply for a Member Advantage Life term policy, you will be classified in an underwriting category as select preferred, preferred, non-tobacco or tobacco. This classification will be based on your current health and medical history and will help determine your policy rates. In addition, each initial term period has issue age restrictions.

10 (5x5) term period	18-80 (18-75 for tobacco class)
20 (5x15) term period	18-70 (18-62 for tobacco class)
30 (5x25) term period	18-58 (18-43 for tobacco class)
Minimum policy face amount (death benefit)	\$100,000
Maximum policy face amount (death benefit)	\$5 million

Fees and administration charges are included in your premium payments and will not change during the initial level death benefit period.

Additional options to customize your coverage

Because Member Advantage Life is designed to provide financial security to you and your family, it offers a variety of benefits and riders to help fill any gaps in your long-term plans.

Accidental death benefit rider (optional with extra charge)

The Accidental death benefit rider can increase the death benefit paid to your beneficiaries if your death results from an accident.

Applicants aged 18-60 are eligible for this rider with coverage and premiums stopping at age 65. Your additional coverage can be as much as your base policy's death benefit, but no greater than \$250,000.

Children's Term Life Insurance rider (optional with extra charge)

Starting your children out on the right path is just as important as insuring your own life, which is why we offer a Children's Term Life Insurance rider to cover the lives of your children. This rider can provide death benefit protection for all natural or adopted children and stepchildren ranging from as young as 15 days through 18 years old. The rider also covers future children as young as 15 days old or as of the adoption date through age 18.

The Children's Term Life Insurance rider provides term coverage up to age 25, the expiry date of the rider or termination of the policy — whichever is earlier — for all covered children. The annual premium is a fixed amount and remains level, regardless of the number of children covered under the rider. Coverage is available in \$1,000 increments ranging from \$1,000 up to \$25,000.

At the time the covered child reaches age 25, he or she can maintain life insurance coverage by converting to a permanent Protective Life policy — up to five times the amount of the rider's coverage.

Primary insured applicants aged 18-64 are eligible for the Children's Term Life Insurance Rider.

Income Provider Option endorsement (optional at no extra charge)

With the Income Provider Option, you can help your family with ongoing financial expenses by selecting a guaranteed income stream — up to 30 years — as your death benefit payout. In addition, a portion of the death benefit can be payable as a lump sum to help cover immediate obligations, such as final expenses and debt.

The Income Provider Option not only gives you more flexibility and control over your death benefit, but is available at no extra charge at policy issue. Adding it to your policy could even result in lower premiums than a traditional, lump-sum death benefit policy. You may change the death benefit schedule if needs or plans change during your lifetime, but your beneficiaries will not be able to change the schedule after your death.

A portion of periodic payments under the Income Provider Option may be reported as taxable income to the beneficiary. Please consult your attorney or tax advisor regarding your individual situation.

Terminal Illness Accelerated death benefit endorsement (included at no extra charge)

A terminal illness diagnosis can take a serious emotional and financial toll on you and your loved ones. Our Terminal Illness Accelerated death benefit is included in your policy at no extra charge to help you cope with those emotional and financial costs. If you become terminally ill, this benefit can accelerate up to 60% of your policy's death benefit or \$1 million, whichever is less. While there is no cost for this benefit, your death benefit is reduced by the amount paid plus accumulated interest at a rate specified in the endorsement.

Not available in all states. State variations may apply.

Waiver of premium (optional with extra charge)

Becoming disabled can present a range of new financial and physical challenges for both you and your family. To help alleviate this financial hardship, our waiver of premium optional benefit waives your life insurance premiums in the event of disability. Please note, you are required to wait six months before the waiver takes effect.

Applicants aged 18-55 are eligible for waiver of premium.
